

Do we need an audit log of inventory modifications??

How are favorites/bookmarks being stored in the system? Probably a field in a table somewhere.

Is serial number ever useful or how do we include it?

Should year be associated with Part or a Model

- When a part is made vs When the model of the wheelchair is from Referral code?

The following is a list of wheelchair part categories taken from wheelchairparts.com

Armrest

Front Rigging

- Footrest
- Legrest

Forks

Wheels

Tires

Cushions

Bearings

Brakes

Axles

- +axles
