Notes
- Domain Model
  - Location-specific
    - Searchable by radius/state
  - Users
    - Consumer
    - Vendor
    - Guest
  - Web Accessibility
    - ABVI
    - https://aphconnectcenter.org/
  - Search via chair models
  - Focus on non-profits
  - Do we want consumers to upload parts they have?
    - Yes
  - No payment processing: bartering economy
    - More like trading
    - Limits liability
  - OPEN SOURCE
  - Some complications with parts
    - What's the part for?
    - Connection between listing or part or forum
    - Forum and PM can be working in parallel or one thing together
  - Proprietary nature of diagrams
    - Can't share specific schematics
  - Disclaimer for copyright material
  - Way to get around man hours of checking copyright in diagram
    - Common carrier (internet law, needs to be researched)
      - Send an email about that
  - Post or Pre-listing moderation?
    - How would moderators be determined?

- - Employee
  - Users
  - Draft an email
- Budget/cost
  - $5 - 10k a year
- Inventory will be the whole system
  - They can categorize it internally
  - The point is to make it easier for the non-profits as that will help them they can spread the word about our web app
- Drop something in open-source schematics that will allow users to have greater access to parts
- Send link to team website in email
  - Email (preferred)
